Primary Contact for Disability Ministry:

Please briefly describe the setting in which you plan to use *BeyondLimits*.

Thank you for your order!

Underlying Theological/Philosophical Base:

I believe very strongly that God has made it possible for everyone to come into relationship with Himself. **Spiritual things are not understood through intellectual ability, but as the Holy Spirit opens our hearts to Jesus.** I believe individuals with cognitive disabilities not only can come to faith in Christ, but can have a growing relationship with Him. I believe these individuals can exhibit both the gifts of the Holy Spirit and the fruit of the Spirit. In other words, **there are no second-class citizens in the Kingdom of God!** The people you teach are as important to Jesus as the elders of your congregation! He is as concerned about their needs and their spiritual health as He is concerned about any other member of your fellowship. That is why we seek to deal with the basic issues of Christian growth in this curriculum.

May God powerfully use *BeyondLimits* in your life and the lives of your students in the months ahead!

BeyondLimits

Lessons in discipleship from the book of Matthew

"Go and make disciples of all nations..."

(Matthew 28:19)

Jesus' call to make disciples includes people with developmental disabilities.

BeyondLimits is a 52-week Bible curriculum specifically designed for teens and adults with developmental disabilities!

If you've struggled to find material to use in a "Special Needs Class" or small group—material that is spiritually challenging yet concrete, practical and not dependent on reading skills—*BeyondLimits* may be just what you've been looking for!

BeyondLimits is designed to build disciples among youth and adults with developmental disabilities. Salvation, Prayer, Worship, Witnessing, Obedience and Service are recurring themes. There is also frequently planned interaction between your class and the larger church body, as we intentionally seek to break down barriers and incorporate people with disabilities into the life of the congregation.

BeyondLimits has really opened up the Bible to our students in a way that they can finally understand. I'm so pleased to see that there will be a Volume 2! I want to be one of the first to receive it! God is using you to supply this much-needed material to our special needs folks to help them understand God better. It has been a wonderful blessing to us. It is truly the best method of teaching them that I have found.

Sandy Carter, Ohio

**BeyondLimits Volume 2,
Coming Soon**

Using the Visual Bible Matthew series (available on video or DVD) as the central teaching visual, *BeyondLimits* will captivate your students as they watch the dramatization of the Bible lessons each week. But for all of us, discipleship is more than knowing Bible stories; it is applying truth to our lives. Through application activities specifically designed to relate to the life experiences of teens and adults with developmental disabilities, your students will be encouraged to apply truth to their own lives.

*We have spent the last year enjoying your Sunday School curriculum, and we **loved** it! We have a large special needs ministry—it has been such a blessing to us!*

Linda Moore, Maryland

BeyondLimits includes a spiral bound, 230-page teacher's guide and a 75-page loose-leaf notebook of resources and visuals. The teacher's guide is written for laypersons and can be used both by experienced teachers and by those who are ministering to students with special needs for the very first time.

To receive samples (pdf files), email to lsmith@joniandfriends.org or call 617-723-1750.

BeyondLimits is available through Joni and Friends – Greater Boston. It is designed as a tool for evangelism and discipleship, equipping churches and individuals to effectively reach people with cognitive disabilities.

BeyondLimits Order Form

Yes, I want to purchase *BeyondLimits*.
